

November 11, 2022 | 10AM – 6PM | Gallier Hall in Downtown New Orleans

This Veterans Day, join Bastion Community of Resilience at Gallier Hall on November 11 for The Veterans Experience Project — a day full of programming that explores military experiences through visual art, the written and spoken word, performances, and discussion panels.

This event is free and open to the public, made possible with support from the Bob Woodruff Foundation.

### IN THIS TOGETHER

As the U.S. emerges from two decades of constant warfare and a global pandemic, new threats abound, but none greater than a fractured and divided nation.

As we navigate the political and social challenges of our day, military veterans are channeling their experience to repair inequity, restore social trust and rebuild community.

Slip into the boots of a diverse array of veteran artists, activists, journalists, and more who are continuing their patriotic service in bold new ways.
